

## **MGA Policy Regarding Changes to a Player's "MGA Declared Tee"**

**TEE CHOICES:** (and course yardages)

Player (Green/White) 6,502	White 6,268	Member (White/Yellow) 6,013
Yellow 5,733	Yellow/Red (Y/R) 5,362	Red 5,109

**PURPOSE:** The MGA certainly wishes for Players to play from the set of Tees that is most appropriate / enjoyable for them. However, to foster good and fair competition in MGA / Club events, the MGA wishes to discourage a Player from making changes to their MGA Declared Tee often, or within a single playing season. Documenting this policy can help clearly set expectations for the Player, the MGA, and the Golf Shop on when future changes should be considered / approved.

**SCOPE:** MGA Declared Tees are used to guide a Player's participation in the following :

- In-Season MGA Monday Men's Day (October through April)
- In-Season Wild Wednesday group game (October through April)
- Summer Manic Monday and Wild Wednesday group games (May to October)

NOTE: the Club asks players to identify a PG&CC Declared Tee also – one which the player would use for all Club-sponsored and Club-run events during the year. While not required to be consistent, we expect most players will have the same declared set of tees for both PG&CC events and MGA events.

Outside of these events / games listed above, a Player is certainly welcome to play any set of Tees they choose and post scores accordingly.

**POLICY:** Players can change their "MGA Declared Tee" one time per year, by contacting the Golf Shop and the MGA Game Managers, with the following parameters:

- The primary window for changes is the month of October. Players can request to change their Declared Tee beginning October 1<sup>st</sup>, and up until a week prior to Men's MGA Opening Day pairings. If a change is made in October, then a subsequent change will not be made until the following October.
- Because we have members returning with different arrival schedules in the fall, and some members may need a few weeks after Opening Day to decide on their appropriate tees, an additional window for changes is available between MGA Opening Day and December 15<sup>th</sup>. If a change is made in this second window, then any subsequent change will not be made until the following October.
- If any special exception is made to this policy, and any change is approved in-season, between December 15, and October of the following year, then a subsequent change will not be made until the next October.
- NOTE : Medical condition request: A player can request a limited, temporary Tee change at any time.
